BEGINNER KAYAKING

RATES: \$349

DATES: Select Weekends & week-nights

AGE: 16+

Spend a full weekend or two evenings and a full day at Jericho Beach exploring the world of ocean kayaking! This comprehensive program supplies foundational skills for paddlers wanting to head out for short paddles in a group or by themselves.

We'll start by focusing on some basic skills like maneuvering and balancing. Once you're comfortable in the kayak, you'll learn how to safely exit during a capsize and get back in, both on your own and with the help of a partner.

Upon successful completion of all skills, you will receive your Paddle Canada Basic Kayaking Certification. Additionally (if time allows), this program will earn you your solo re-entry card which enables you to rent a kayak by yourself.

INTERMEDIATE KAYAKING

RATES: \$375

DATES: Select Weekends

AGE: 16+

Take your paddling skills to the next level with our two day intermediate course. This is the next step to preparing and taking a self-guided day trip.

We'll refine your strokes by incorporating edging, deepen your understanding of re-entry techniques, and introduce some new strokes to help you paddle more efficiently. We'll also introduce navigation for day-tripping, including chart reading, route finding, tides, and weather. Once we are comfortable with all these skills we will take a day trip from our Jericho Beach location. You'll use your newly learned navigation skills and practice leadership and decision-making along the way.

Upon successful completion of all skills, you will receive your Paddle Canada Level 1 Kayaking Certification.

ADVANCED ROLLING CLINIC

RATES: \$125

DATES: Select Sundays

AGE: 16+

Do you already know how to roll, but either want to improve your existing roll or learn some different rolls? Then this clinic is for you!

Did you know there are (at least) 34 different ways of rolling your kayak? Most of us start to roll with a Sweep Roll or a C to C roll. But there are so many more rolls out there, such as the butterfly roll, the storm roll, the reverse sweep roll, of course the coveted hand roll and many more.

In this course, our experienced rolling instructor will support you in refining your rolling skills, give you feedback on your technique and existing rolls and support you in learning new ways of rolling your kayak.

Instructor-to-student ratio is kept low at 1:3 to ensure quality instruction and individual attention.

COMPLETE KAYAKING

RATES: \$549

DATES: Five Nights 6-9pm + Daytrip

9am-4pm

AGE: 16+

Start from no kayaking experience and build the skills needed to venture out on full-day paddling trips!

We will spend five evenings at Jericho Beach learning the fundamentals of gear, kayaks, and strokes. We'll introduce kayak capsizing and re-entry, both on your own and with the help of a partner, and show you how to paddle more efficiently. We'll also introduce navigation for day-tripping, including chart reading, route finding, tides, and weather.

The program will wrap up with a full-day trip from Jericho Beach.

Upon successful completion of all skills you will receive your Paddle Canada Level 1 Kayaking Certification.
